PUBLICATION OF FINANCIAL INFORMATION.

To be eligible to participate in the NIFL Premiership Clubs must be awarded an annual “Premiership Club Licence” through the IFA. To “improve comparability and good governance” licence applicants must now publish on their website the following information:

1. Total amount paid to agent/intermediaries in the latest reporting period and
2. Last annual audited financial information assessed by the licensor.

In terms of content and in order to ensure consistency (as far as possible) across all Premiership clubs, the IFA have advised that the minimum content for publication should be broadly in line with the general requirements for Companies House filing of annual accounts i.e. Balance Sheet and Notes to the balance sheet as they appear in the full (audited) financial statements.

In accordance with these requirements the Management Committee of Newry City AFC confirm that for the reporting period 1/1/18 to 31/12/18:

1. the total amount paid to agents/intermediaries is NIL and
2. the relevant annual audited financial information is published on our website as a separate document - “Financial Disclosure 2018”.
